P.O BOX 58279 WTC
DALLAS, TX. 75258

The present is to confirm your DX of our Radio Station XEBU
5000 Watts Day, 250 Watts Night.

We are most interested in DX ing, our Manager has the direct
managment of several radio stations in the broadcast band --
540 to 1,600 KHz. and would like to be able to hear them di-
rectly, most of these stations anre 1,000 watts power day ti
me.

Can you give us information or direct us to the best in recep
tors and antennas?

In the city of Chihuahua, State Chihuahua, at the present time
are installed and transmitting the following radio stations, -
and powers:

Frec.	Call Letters	Power
580	X.E.F.I.	5,000 watts
620	X.E.B.U.	5,000 "
680	X.E.F.O.	1,000 "
790	X.E.R.P.C.	5,000 "
850	X.E.M.	5,000 "
920	X.E.Q.D.	1,000 "
950	X.E.F.A.	500 "
1010	X.E.L.O.	1,000 "
1110	X.E.E.S.	1,000 "
1280	X.E.B.W.	1,000 "
1310	XE.R.U.	1,000 " it has not transmitted for 3 years.
1360	X.E.D.I.	1,000 "

We are most interested in checking the following frecuencies and
powers.
